

ICEROAM35

Transport dry ice over longer distances in a durable container that can ship over 200 times. Reusable insulated containers that can extend the shipping time of extremely cold cargo overseas or domestically. Stop worrying about shipping delays ruining your products.

The Features You Need

- Certified to withstand over 200 trips by air, land and sea.
- Over 3 inches of injected polyurethane insulation
- Interior payload lined with polyethylene panels
- IP65 rated CO2 pressure valve for best sublimation rate
- Ergonomic comfort spring drop handle
- Stainless steel hinges
- Foam lid seal
- Pad lockable, durable C. fastening latches
- Water tight, TIG welded aluminum payload compartment tub
- Stackable corners
- Gap free load bearing overlap joint
- Bounce Test: 40 pounds dummy weight were put on a jarring table for two hours
- Drop Test: 40 pounds dummy weights were dropped 280 times from a height of 30" to 36". Thereafter, the closures and hinges were fully functional. The cases could be opened and closed without any difficulty.

Specifications

Model Number	ICEROAM35
Overall Dimensions	(L x W x H) 28" x 25.6" x 15"
Internal Payload Dimensions	(L x W x H) 19" x 17" x 7"
Tare Weight	30 lbs
Payload Capacity	35 Liters
Dry Ice Net Capacity	45 lbs
Total Weight with Dry Ice	75 lbs
Dry Ice Hold Over	3 to 5 Days
Warranty	1 Year Parts and Labor
